Constantinople, October 13. *N. S.*

THE Grand Signior having resolved to remove to this Place from *Andrinople*, the Aga with the *Janizaries* under his Command marched from thence on the 26 of *August*, and the Grand Signior with his whole Court set out on the 28th, and arrived here the 7th of the last Month. My Lord *Paget*, Ambassador from the King of *Great-Britain*, came hither on the 16th of *September*, and made a very noble Entry, all the *English* Gentlemen and Merchants here went as far as *Ponte-Grande*, to wait on his Excellency, and to accompany him into Town. The same day came into our Port an Envoy Extraordinary from the Czar of *Muscovy*, on board a Frigat of 36 Guns, in 6 days from *Azof* which very much surprized the *Turks*, to see a Ship of War come from those Parts. The Business this Envoy is sent about, is said to be to confirm the Truce concluded at *Carlowitz* between the Czar and the Sultan, and to negociate the Continuation of it for a longer term of Years, or to conclude a Peace. The Envoy Extraordinary of *Poland* having finished his Negociation at this Court, which related chiefly to the Evacuation of *Caminiec*, had Audience of Leave of the Grand Signior this day, and will set out from hence in a day or two on his return home. We have received an account, that the Grand Signior's Forces sent out against the *Arabians* that were in Arms near *Babylon*, have Engaged and totally routed them, so that this Rebellion is entirely suppressed.

Venice, Octob. 30. The Dutchess-Dowager of *Hanouer* arrived here the 27th Instant from *Modena*, and yesterday she left this Place in order to continue her Journey to *Vienna*, whither she is going to be present at the lying in of the Queen of the *Romans* her Daughter. A considerable Sum of Money was sent last week to General *Mocenigo*, to pay the *Venetian* Forces under his Command in *Dalmatia*. Our Letters from thence give an Account, that the Commissioners for regulating the Limits continue their Conferences, and have already made so great a Progress therein, that it's not doubted but they will have fully executed their Commission before Winter. The Duke of *Mantua* is returned hither from *Rovigo*. Signior *Pisani*, who was Proveditore of the *Venetian* Army in the *Morea*, is arrived here from that Country.

Warsaw, Octob. 24. Most of the Senators appointed to confer with Baron *Overbeck* and Monsieur *Werner*, Deputies from the Elector of *Brandenburgh*, in order to put the last Hand to the Treaty for accommodating the Affair of *Elbing*, are returned hither from the Country; and the Cardinal Primate is daily expected here from *Radzieowsky* on the same occasion. Prince *Alexander Sobiesky*, one of the Sons of the late King of *Poland*, is dangerously ill. It's reported here, that the Grand Signior being dissatisfied with the Conduct of the Bassa of *Caminiec*, has caused him to be strangled.

Copenhagen, Nov. 7. The Body of the late King of *Denmark*, which lies at present in a *Mausoleum* in the King's Chapel, will be carried on the 12th Instant to *Rotschild*, to be there Interred with the Kings his Predecessors; and the Ministers and Great Officers of State, the Knights of the several *Danish* Orders, and other Persons of Quality, have Orders to be then ready to assist at this Solemnity; It's said, that the King will soon after begin his Journey to *Holstein*. The Troops quartered in *Jutland* are ordered to repair thither, and they began their March on Sunday last; This morning a Battalion of the Prince Royal's Regiment left this Place in order to join them, and will be followed on the 5th Instant by the 3 Battalions of the Foot-Guards; All these Forces have their Rendezvous near *Rensbourg*, where it's said the *Danes* will have an Army of about 15000 Men, under the Command of the Duke of *Wirtemberg*, who intends to be going thither in 2 or 3 days. The *Danish* Squadron, according to the last Accounts we have from them, lay off the Island of *Bornholme*.

Vienna, Octob. 31. Our Letters from *Buda* of the 27th Instant give an Account, That Count *Otting* was come to that Place in his Journey to *Turkey*, having been treated with all the Respect due to his Character by the Governors of *Presburgh*, *Raab*, *Gran*, and the other Places through which he passed. They write from *Peter-Waradin*, that the *German* Forces employed in building the new Fortifications near *Arat*, use their utmost Diligence to put them into a condition of Defence. The Bishop of *Passau* arrived here yesterday from *Passau*, and will be going in few days to *Ratisbonne*, to reside as the Emperor's First Commissioner at the Diet. The Count of *Lemberg* will likewise shortly part from hence on his Embassy to *Rome*.

Francfort, November 7. The Elector Palatine is still at *Newstadt*, but is expected from thence in a few days at *Weynheim*, and after a short stay in that Place, will return to *Dusseldorp*, whither he has already sent part of his Equipage. Baron *Muller*, Envoy from the King of *Sweden*, is on his Departure from hence to *Nancy*, having received Orders from the King his Master, to Compliment the Duke and Dutchess of *Lorrain* in his Name, on the Birth of their Son.

Hamburgh, Novemb. 10. We have Letters from *Stralsund* of the 7th Instant, which give an Account, That the Squadron of *Swedish* Men of War was arrived at the Isle of *Rugen*, on the Coast of *Pomeren*, and having put ashore 4 Regiments of Foot, making together about 5000 Men, they returned to *Sueden*. Our Letters from *Saxony* say, the King and Queen of *Poland* continued at *Torgaw*; And that Monsieur *Opdam*, Envoy Extraordinary from *Holland*, was come thither from *Berlin* to Compliment them on the part of the States General. They write from *Berlin*, that Mr. *Stepney*, Envoy Extraordinary from His Majesty of *Great Britain*, left that Place on the 2d of this Month on his return to *England*; And that the Elector of *Brandenburgh* is gone from *Orenieburgh* to *Potsdam*.
